Education

School Of Engineering & Technology, Jain University, India	**2022 - 2026**
● Branch - CSE-CTMA	SGPA: **9.57/10**	(expected)
St.Michael's Convent School, India	**2021 - 2022**
● *CBSE (Class XII), Aggregate: 79.2%*	
St.Michael's Convent School, India	**2019 - 2020**
● *CBSE (Class X), Aggregate: 79.0%*	

Skills

Java | JavaScript | TypeScript | NodeJS | ExpressJS | React | Hono | MongoDB | PostgreSQL | Docker | Redis | TurboRepo |

Prisma | Supabase | Git | TailwindCSS | Tanstack Query | TypeGoose | AWS | Python | Flask | FastAPI | Tanstack Start

Work Experience

DaanVeda | SDE Intern   **Jul'25 - Present**
- Automated cross-account DynamoDB **data migration** with **Python** and **Boto3**.
- Developed a Flask worker service for scraping corporate CSR policies, generating comprehensive reports.
- Developed end-to-end documentation website for daanveda.
- Self hosted typesense (reduced cost by 97%) before algolia bills were ($200-$300/Mo)
- Working on daily tasks that are assigned to me in frontend/backend.

Wannabe Space | Product Engineer (OSS)   **Oct'25 - Present**
- After hours working on Conar an AI-powered data management tool.

Projects

Quik Wallet   May'25
TypeScript, Raycast, React, Solana, Tanstack Query
- An extension to **eliminate friction, giving you instant access** to your **solana** wallets from the **command bar**.
- Integrated **Multiple Wallet Address** support, user can switch between the **wallets**, and a comprehensive **docs website**.

gurl   May'25
Go, Cobra Cli, Goreleaser, GH Actions
- An alternative of **curl** built in go, Available via Homebrew and Scoop.
- Got **#15 Place** for product of week at Peerlist.

Redditz   Dec'24
TypeScript, Next.js, PostgreSQL, Prisma, Zod
- A social media platform that allows **users** to **create** and **share** posts, **comments**, and **communities**.
- Integrated **Prisma ORM** for database management and utilized **Zod** for schema validation.

RealTalk   Apr'25
TypeScript, React, Websockets, Express, TypeGoose
- Implemented **TypeGoose** & **Modular Backend** architecture.
- Integrated **sockets** for **realtime chatting**. and **cloudinary** to store **images**.

Academic and Extracurricular Achievements

- Ranked **Third** in CodeElite Code-a-thon.
- Ranked **Top 10** Codewave Hackathon.
- Ranked **First** in CTRL + Z Hackathon (**INR 5000**).
- Ranked **Fourth** in **Capture The Flag** competition.
- Got Jain **Meritorious Scholarship** For B.Tech.
- Achieved a consistent **SGPA of 9+** since 2nd semester.
- Won **Bounty Worth $100** In code100x/cms.
